

Instructions for Rollover Contribution

Section A - General Information

Complete contractholder name (trustee), contract number, participant's name, and social security number of participant.

Section B - Rollover Amount

Each rollover contribution must be accompanied by this form, duly completed and signed by the trustee/authorized plan representative. Rollover amounts will not be invested in the participant's account under your plan's John Hancock USA group annuity contract unless accompanied by such form.

The rollover contribution check(s) should be made payable to the trustee of the plan For Benefit Of the participant.

Example: "Trustee of XYZ Corp Savings Plan FBO Jane Doe"

The trustee should then endorse the check(s) to John Hancock Life Insurance Company (U.S.A.).

Section C - Designation of Rollover Amount

Your Third Party Administrator is responsible for keeping track of after-tax monies attributable to pre-1987 and post-1986 contributions. John Hancock USA does not record-keep this information.

Beginning in 2007, after tax contributions held in a Section 403(b) plan may be directly rolled over into a qualified 401(a) plan if your Plan permits and if certain conditions are satisfied. Please check with your Plan Administrator for details.

Indirect Roth 401(k) Rollover - If a distribution from a designated Roth 401(k) account is made to a participant and the participant then rolls over the distribution within 60 days from the date of the distribution, such a rollover is an indirect rollover. Only the portion of the distribution that is includible in gross income (i.e. earnings) is permitted to be rolled over in an indirect rollover.

First year of designated Roth Contribution under prior plan - Complete this item only if the rollover consists of Roth 401(k) contribution and the rollover is a direct rollover. If the year is not provided, we will use the first year in which the participant makes a regular Roth 401(k) contribution under this group annuity contract to determine if the participant's distribution satisfies the 5-year requirement of a "qualified distribution". You do not need to complete this item if the rollover from the Roth 401(k) account is not a direct rollover.

Section D - Acceptance and investment of rollover contribution - To be completed by plan trustee or authorized plan representative

If the rollover contribution is to be invested according to the participant's latest allocation instructions on file with John Hancock USA, select Box A; if the participant has elected investment selections specific to this rollover contribution, select Box B. If Box B is selected, Section E must be completed and signed by the participant. The participant's signature is not required if Box A has been selected.

If none of the boxes in Section D are checked and Section E is blank, the rollover contribution will be invested according to the participant's latest allocation instructions on file with John Hancock USA. In the absence of any such allocation instructions, the rollover contribution will be invested in the designated default investment option approved by the plan's Trustee, provided that John Hancock USA has been provided with the participant's first and last name and Social Security Number and the form has been duly authorized by the plan trustee or authorized plan representative.

Section E - Allocation instructions for rollover contribution - To be completed by participant

Complete this section only if you wish to provide separate allocation instructions for this rollover contribution. Except as otherwise described below, if Box B in Section D is checked, the investment instructions provided on this Form will apply to this rollover contribution only. If you wish to make alternative allocation choices for existing or future contributions you will need to provide separate instructions accordingly. However if you do not currently have investment instructions on record or are default enrolled, the options provided in Section E will be applied to this rollover contribution **and** your current account balance or future contributions. If investment instructions are used in Section E of the rollover form to update the current account balance and future contributions, changes will not be accepted on an Enrollment Form.

If completing Section E, please note:

1. Indicate the selected investment option in Column A and the percentage allocation for that investment option in Column B.
2. Please use the three digit code or investment option name to identify allocation instructions. For the codes and investment option names, please refer to your quarterly statement, or consult the John Hancock USA website - www.jhpensions.com.
3. Some fund companies charge redemption fees for fund shares sold within a specified period of time. Please visit our website or call our toll-free service line 1-800-395-1113, for more information.
4. If Section E is completed, a participant signature is required.
